### Calm

We've had a 'relatively' calm week this week...and that's a good thing, I think! Calm is an important element in the sometimes fiery furnace of schools. Calm means we are respecting one another. Calm means we are getting on. Calm means we have good relationships with our friends and our teachers. Calm means we are learning.

This was all confirmed by a visiting supply teacher this week who was amazed at what a calm environment we have here at St. John Vianney! Supply teachers always want to come back – as evidenced by Mr. Rhodes, who originally came on supply for a day and loved it so much, he's still here! Calm is good...

What is also good is the number of people who give up their time to visit the school to help in one way or another. We have governors, parent volunteers, health professionals, emergency services, local authority representatives, our parish team and many, many more who all add a little of themselves to our community. This week, our School Nurse visited to remind us of the services and support she can provide and Reception class were treated to a visit from one of our NHS hero nurses: Nurse Christele – we salute you! Thank you so much for your support and time.

## Happy Bikers!

Nursery send 'delegation' to say "Thank You" for new bikes.

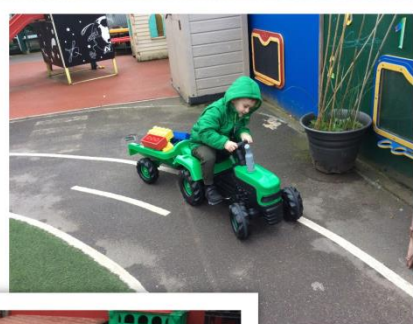

### Nursery Bikers' Club Gets New Wheels

And not before time too...Mr. Roche and the Nursery team had run out of ideas about how to continue fixing the ramshackle collection of bikes used on their track. They decided to pluck up the courage to ask for (demand really) some new bikes...and tractors! In an unusually good mood, I decided that it was time. Their 'Thank You' card made my day (and week, actually). Happy biking, Nursery!

**Boxes Vs. Bikes?** Proving that one person's rubbish is another's plaything, Nursery made good use of both the bikes and the packaging this week. Eco aware, and having a great time!

**Asthma Awareness:** Many thanks to our School Nurse, Lorna Harris, for visiting today to speak at our assembly about Looking After Yourself. She gave us some information and reminders about dealing with Asthma, and spoke to parents after over a cuppa!

**Inhalers and spacers**

**RELIEVER + SPACER  
BLUE INHALER**

→ These are what you should always use at school

Some children may also have a brown inhaler

**How Does It Feel To Have an Asthma Attack?**

"I HAD AN ASTHMA ATTACK I FELT LIKE A FISH LUTING MY GILLS!"  
JESSIE, AGE 6

**Haringey**  
LONDON

**Who has asthma?**

**SHORTNESS OF BREATH**   **DIFFICULTY BREATHING**   **DRY COUGH**   **WHEEZING**   **CHEST PAIN OR TIGHTNESS**

**In an emergency**

- Tell someone if you are feeling unwell yourself
- Call for help! Get an adult.
- Try not to panic!
- Stay with your friend and keep them calm, help them with their inhaler if they have it.

### How does it work?

Simply telephone or walk into your local Haringey pharmacy and ask if they deliver the Minor Ailment Service (currently the service is available in 45 pharmacies in Haringey). The pharmacy will then talk you through what you need to do to register for the service, if you are eligible.

You can also find a list of Haringey pharmacies on Haringey CCG's website:

**[www.haringeyccg.nhs.uk/services/pharmacy.htm](http://www.haringeyccg.nhs.uk/services/pharmacy.htm)**

### Will I still be able to see a GP?

Yes, if you want to, you can still have an appointment to see the GP or nurse. This is just another way that you can get advice and treatment without waiting for an appointment with your GP.

### Can I use the service if I pay for my prescriptions?

No, but you can still obtain free advice from any pharmacy and buy the medicines you need from the pharmacy. Many medicines for common conditions cost less than the cost of a prescription charge (currently £8.05).

### Why visit the pharmacy?

- Pharmacists are trained to treat common conditions such as head lice or a sore throat and can refer you to your GP if your illness requires a prescription medicine or a GP appointment.
- You will not have to visit your GP for a prescription or wait for an appointment.
- Your GP will be able to spend more time treating patients with more serious illnesses.
- This is a confidential and high quality service.
- Many pharmacies in Haringey are open in the evenings and on the weekends.
